Welcome to the September 2019 Issue of SOL Illumination's Newsletter

The year is again getting away from me and here it is September already and only three more months to go to the end of the year. The good news is that Spring has finally made an appearance and it is now time to shake off the cold dark shackles of winter and step powerfully into the waking energy of this new season. So, the big question is what are you really yearning for? What creative energy is developing and waiting to express itself through you?

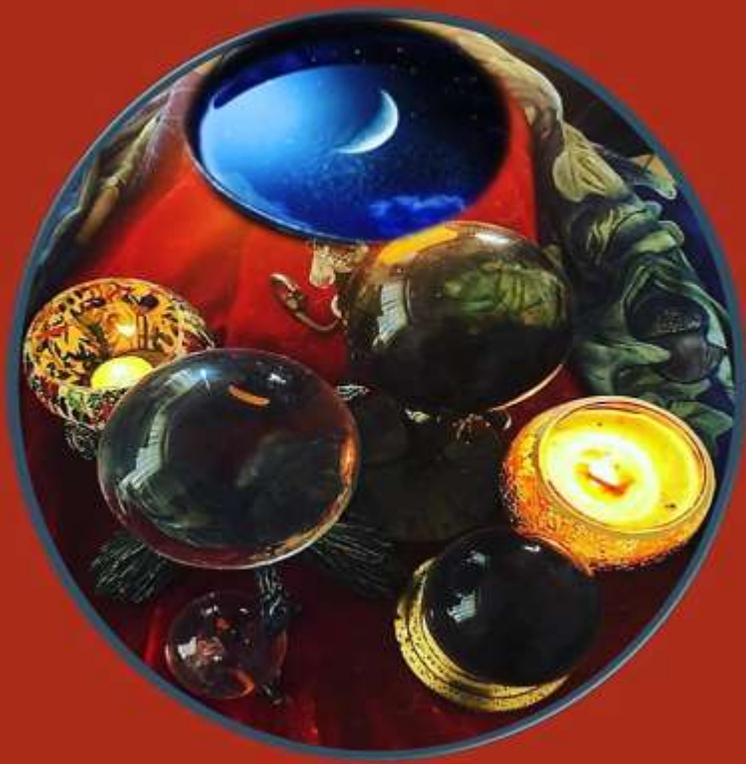

The energy of spring is our call to wake up and stretch and move our bodies, ignite our creativity, and allow life to move through us. So, if you haven't noticed, the winds of change have arrived with great force and so we should heed the call of spring and go with this creative life force energy. When you attune your personal energy to the changing season, you allow life's grace and ease to surround you and surprise you.

I am pleased to announce that I have so many different workshops coming up over the next couple of months to help you ignite your creativity and assist in your unique spiritual journey.

Blessings

Janine

Scrying is one of the oldest forms of mediumship. Scrying can assist you develop your mediumship and clairvoyance abilities through the regular practice of developing your ability to "see" through your third eye.

The various tools of scrying can assist in contacting spirits and receiving guidance, but they are also tools that can be used for self-reflection. From a psychological perspective, scrying can also be used as a form of psychoanalysis whereby an individual attempt to create a connection with the subconscious mind by suppressing the id and ego and projecting their subconscious thoughts directly into the reflective surface.

Through the process of ritual, meditation and observation you will be guided through the various techniques of Scrying using a black scrying mirror and/or crystal ball and a silver or black scrying bowl.

Witches Brew Herbs & Potions

Second Workshop in the Series

You don't need any fancy and rare ingredients in your magical potions, just use what is in the pantry! The Witches Brew is a series of workshops where we will explore the world of magick. These workshops will focus on Herbs and Potions. Herbs were used for healing and magick long before they were used as seasonings.

During the series of workshops, we will have discussions and conduct practical exercises on making our own magical potions out of the herbs we usually keep in our pantry. We will learn about the effects of the planets and moon signs that will assist in our timing of spells. We will also be making potions and amulets and talismans.

This discussion group will be facilitated by Janine Donnellan who has been running Spheres Of Light, a pagan circle for over 19 years.

SPACE CLEARING CONSULTANT

Janine Donnellan can conduct a private space clearing in your home or business, clearing away negative or stagnant energetic 'imprints' built up over the years from the accumulation of day to day living and replacing them with calm, balanced energy.

Clearing negative energy from a building space creates an atmosphere that feels clean, smells fresh, feels lighter and more inviting and often allows the occupants to experience clearer thinking and happier harmonious environments.

The space clearing procedure usually takes between 1 & 2 hours, depending on the size of your home or office. The space clearings include marking out the Hartman gridlines with a dowsing rod and advice about the positioning of furniture, clearing out any spiritual inhabitants and finally concluding the session with a house blessing of your property.

**Cost: \$150.00 plus travelling costs if outside the Sutherland Shire (in Sydney, Australia).
BOOKINGS ARE ESSENTIAL ~ Please contact Janine on 0408 025 268 or click [here](#) to make your booking. A non-refundable deposit of \$50.00 is required for all bookings and can be paid using PayPal — the safer, easier way to pay online.**
